

Morning Announcements

April

National Alcohol Awareness Month

Good morning Eagles (insert school name or mascot here)! This month is National Alcohol Awareness Month. Research indicates that youth who wait to drink alcohol until age 21 almost eliminate their risk of growing up and struggling with alcohol abuse and addiction.

The reason: They let their frontal lobes fully develop undeterred by alcohol! At _____ (insert name of school), we believe that students should have all the facts about the effects of alcohol on the growing brain in order to make informed choices about your development.

You will have the opportunity to learn more _____ (insert text from checked boxes below).

- From your counselor, teacher, or nurse
- During the homeroom or advisory class activity
- At the information table in the library, lunchroom, or (other public area)
- In this week's health classes
- In the www.KnowYourNeuro.org website
- Other _____
